WRATH OF THE LORD STIRRED MIGHTILY

Former Governor Glenn Warns New York
and Chicago on Account of their
Wickedness.

Special to the Eagle.

Chattanooga, N. Y., Aug. 24.—Declaring that he had seen sights in the streets of both New York and Chicago so evil that if he were to describe them the men in the audience would pull him from the platform and trample him under their feet, Governor R. B. Glenn of North Carolina asserted here yesterday afternoon that the wrath of the Almighty will descend on the earth in some of the large cities if they don't mend their ways.

"The large cities are snapping their fingers in the face of the Almighty," he said. "The sins of Chicago are crying aloud unto the Heavens. It is a disgrace to civilization. New York is a blot upon the map of our fair country. The people of the country are pure God fearing and pious, but in the cities the one evil of Sabbath desecration will prove the ruin of the nation unless it is checked. It is Sabbath desecration that is at the base of most of our vice and crime."

TUBERCULOSIS GAINING RAPIDLY

Over 25 per cent of the Children in
Some New York Districts
Afflicted.

Special to the Eagle.

New York, Aug. 24.—That 25 school children from 100 in the poor tenement districts of the city are affected with tuberculosis is indicated by the observation made this summer at the Sea Breeze Home maintained at West Coney Island, by the association for improving the conditions of the poor. All children admitted to the home were supposed to be well. The association says in a statement: "Up to the middle of August 728 children had received thorough physical examination and had been tested for tuberculosis at Sea Breeze. Of this number 381 were boys and 437 girls. Of the total number, subjected to the test, 205 or 28.1 per cent showed positive reaction. The per cent of reaction among the girls tested was 35.1 per cent as against 21.7 per cent among the boys."

STATE PENSION DEPARTMENT

Suggestions from the Commissioner
Relative to New Applications.

The following communication was sent County Judge Board by the commissioner of Pensions and handed by him to the Eagle for publication:

Austin, Texas, Aug. 25, 1909.

To County Judges:

Under the act approved March 26th, 1909, I have received since June 12th last several thousand applications for pensions. For want of assistance I shall not be able to mail out notices of approval or disapproval until during the months of September and October. The first quarterly payment under the new law is not due until December 1st next, which gives me ample time to provide every new pensioner with identification affidavits prior to that date.

In order, therefore, to prevent unnecessary urgency letters, I shall thank you to furnish a copy of this letter for the information of applicants for pensions to the local press of your county.

Very respectfully,
E. A. BOLMES,
Commissioner of Pensions.

WEDDING IN JAPAN.

It is not often that the society department of The Post receives clippings from a newspaper published in far away Japan, but the Tokio "Japan Advertiser," being published in English, gives us an opportunity to read a description of the romantic wedding of a Houston young lady. The following is taken from the above named publication on Thursday, July 22, and reads as follows:

Among the many romantic marriages which sometimes take place in Japan, none was more interesting than the wedding of Mr. James Cleo Shaw of Kobe, Japan, to Miss Aubra Tabor, which took place Monday, July 19, at 6:30 p. m. The bride is a daughter of Mr. and Mrs. J. Q. Tabor of Houston, Texas, U. S. A., and came to Japan on the Chiyo-Maru, which arrived in Yokohama July 16. She was accompanied by her mother and Mrs. E. W. Hutchinson, from Houston, Texas.

The party were met by Mr. Shaw and some friends upon the arrival and were delightfully entertained at the Grand hotel.

The marriage was celebrated at the residence of Rev. Mr. Good. This home with its spacious rooms and works of art, already beautiful, was artistically decorated with white flowers and ferns in the drawing room. Jardiniers of Palms were grouped in reception hall and library. The white columns supporting the archway where the ceremony was performed were wreathed with strings of smilax, the arch being covered with white gardenias. At 6:30 a song, entitled "I Know a Lovely Garden," by Guy d'Hardelot, was beautifully sung by Miss Eugene C. Booth, the accompaniment being played by Miss Moulton. Then followed the Lohengrin wedding march, during which the bride party entered the drawing room. Mrs. E. W. Hutchinson was matron of honor. She was beautifully gowned in pale pink chiffon trimmed with Princess lace, with hat to harmonize. She carried an arm bouquet of white gardenias. The bride entered the room with her mother. She wore a tailored suit of wistaria colored Shantung with touches of gold applique, and carried a large bouquet of white jasmine and ferns.

They were met at the altar by the bridegroom and best man, W. H. Rastoll. The marriage rites were solemnized by Rev. J. Rosberry Good and were very impressive, the beautiful Episcopal form of service being used. After the benediction, sincere congratulations were offered and it good wishes bring happiness, a constant joy will flow into their lives. The "bride's book," provided by friends in far away Houston, was duly signed by all guests. Flashlight photographs were made of the entire party, twenty in number, and amid showers of rice they returned to the hotel.

In a private dining room, where the decorations were Oriental, with a lavish display of pure white flowers, a twelve course dinner was served; special mention should be made of the delicacies prepared for this occasion. Some were great novelties to the Americans, and everything was delicious. At 10 p. m. Mr. and Mrs. Shaw bade good-bye to their friends, but could not escape more rice. It seemed to come from every direction. They were followed to the station by their trunks, which kind friends had not neglected to decorate with the conventional white ribbons and printed notice. Mr. and Mrs. Shaw will be at home in Kobe after August 1, where they will always be pleased to see their friends both at home and from abroad.—Houston Post.

WHITELAW REID IS GOING BACK

He Will Retain His Post for the Present at Least.

Special to the Eagle.

Paulsmiths, N. Y., Aug. 24.—Ambassador Whitelaw Reid stated yesterday that he would return to England late in September and that he would retain his ambassadorship as long as he has promised to. Relative to his successor he could say nothing.

"There is only one person who can answer that question," said Mr. Reid, "and his name is Taft."

TAKES SON IN PARTNERSHIP.

On September 1st Mr. W. C. Boyett of College Station, will take his son Wirt L. Boyett into partnership with him and the style of the new firm will be W. C. Boyett & Son. A large addition has been made to Mr. Boyett's store and a full line of fancy groceries will be added to the large stock of staples heretofore carried. The dry goods department will also be strengthened by the addition of an up-to-date stock of gents furnish-

ing goods, including everything except high class clothing. The junior member of the firm is very popular, as well as his father, with the people of that community, with the campus residents and the students at A. and M. Both being untiring workers they will no doubt reap a large measure of success for which they have the very best wishes of the Eagle.

OWLS 12, HARVEY 5.

It was "goog night" Harvey on yesterday afternoon when the Owl Club team and the team from Harvey crossed bats at the West Side Park. The game was a one sided affair from start to finish and not once did the Owls lag but kept up the lead through the entire game. The Harvey boys played goog ball but they were out played and out hit. The base running of the Owls was exceptionally good and with men on bases, several timely hits ran in a number of scores, making the final 12 to 5 in favor of the Owls. The Owls are without doubt one of the best, if not the best team in the city. It has long ago been decided that it is no longer a matter of opinion but the records of the local teams are proof in themselves that the Owls are the "Buffaloes" for Bryan.
